

Which password do I use???

Many of your district accounts are linked and we are working to link as many as possible to reduce the number of passwords that you need to remember.

Current Linked Accounts

- Windows Computer (firstname.lastname)
- Kace (firstname.lastname)
- ClassLink (firstname.lastname)
- Email-Outlook (firstname.lastname@laurel.k12.de.us)
- Google (firstname.lastname@laurel.k12.de.us)
- Adobe Creative Cloud (firstname.lastname@laurel.k12.de.us)

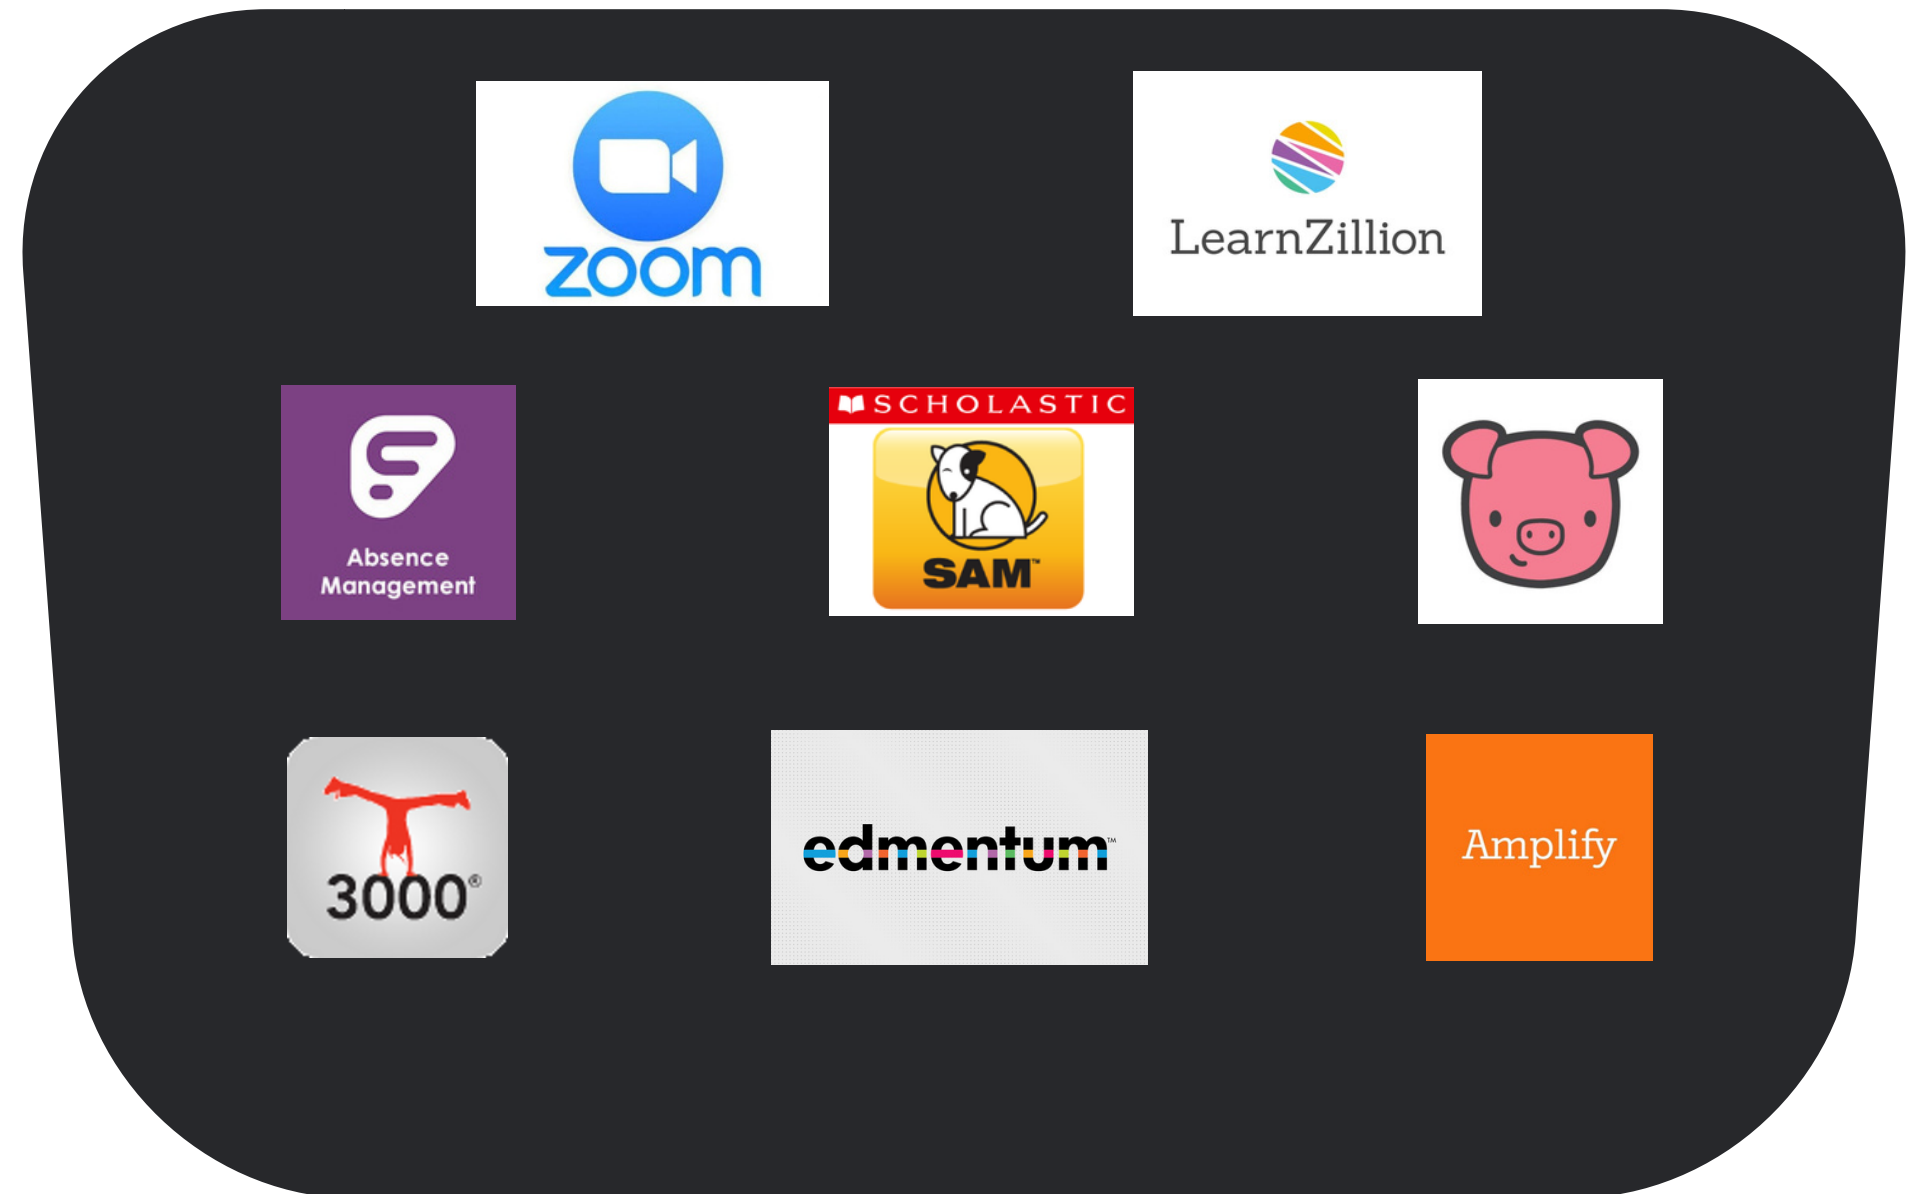

All of these services use the same password. When you change your computer password, it changes for all linked accounts

Current Account Structure

Current Linked Accounts

Current Seperate Accounts

The district is working toward linking as many accounts as possible to ease the burden of keeping track of so many passwords
